

A high-speed photograph of clear water being poured from a glass bottle into a glass. The water is captured in mid-pour, creating a dynamic, flowing shape. The background is a solid, light blue color. The lighting highlights the transparency and movement of the water, with many small bubbles visible at the point of impact in the glass.

Casa Julia plc

MINERALS CATALOGUE

We here at Casa Julia would like to thank you for your interest in our minerals selection.

We have a variety of bottled water available. If there's anything you are looking for and cannot see listed, please get in contact with your sales rep or the office.
